GEANEALOGY OF THE MUSCOTT FAVILY.

In tracing the history of the family services of Howard Deacon, an experienced genealogist of Philadelphia, made careful search of the court records of the papers of the state of New Jersey, where the family first came into notice. Nearly 125 years had elapsed since that time, hence the difficult task. More than 100 years elapsed since the latest correspondence had passed between eastern and western members of the family. The latest letter was from Grandma Muscott to son Nemiah Muscott under date of June 29, 1801. The facts were obtained thru correspondence and verified to be accurate.

In the early part of the year 1700 two young men, brothers by name of Muscott left their native home in Holland, came to U.S. landing at Philadelphia. Spparated, one going south, promising to write but was never heard of again. Frederick remained in Philadelphia and married Mary Keeler and settled in or near Burlington Co., New Jersey. Four daughters and two sons were born. Tracing is only of the name of Muscott, hence the line os traced thru the sons. Levi married and left no sons. Nemiah married and the line is traced from him.
